

FROM THE CHAIRMAN'S PEN

“Education is not just about learning facts, but about shaping character and building the foundation for tomorrow.”

At Air Force School Digaru, we believe that education is more than the pursuit of academic success—it is the foundation upon which character, responsibility, and a vision for the future are built. Our aim is to nurture young minds into confident, compassionate, and responsible citizens who are ready to contribute positively to the nation and the world.

While strong academics remain at the core of our mission, equal importance is placed on sports, co-curricular activities, and value-based education. This balanced approach ensures holistic growth—preparing our students not only to excel in their chosen fields but also to face life with resilience, empathy, and integrity.

As Chairman, I am proud of the school's journey and remain committed to its vision of providing quality education that shapes both intellect and character. It is a matter of great pride that Air Force School Digaru was adjudged Third in the Best Pre-Primary School category in the Eastern Air Command (EAC)—a recognition that reflects the hard work of our faculty, the enthusiasm of our students, and the trust of our parents.

To the parents, students, and the wider Digaru community, I extend my heartfelt gratitude for your support as we continue this journey of excellence together.

Jai Hind!
